## What is a Chamber of Commerce?

A chamber of commerce – also known as a board of trade – is traditionally an organization of businesses that comes together to network, advocate on behalf of these businesses, and promote business activity. Today, non-profit and government organizations are also chamber members. There is a BC Chamber of Commerce which represents the interests of member chambers across BC, and a Canadian Chamber with a national remit that has been in existence since 1925. In Canada, all chambers of commerce are constituted under the “Boards of Trade Act” and are therefore non-profit but not classed as charities.

## The WestShore Chamber of Commerce

This organization first started life as the Colwood and District Chamber of Commerce in 1956 and went through a few more name changes before becoming the WestShore Chamber in 1997. The Chamber is a non-partisan, non-profit organization that exists to foster and advance the growth, prosperity and sustainability of business and community in the WestShore (Colwood, the Highlands, Langford, Metchosin and View Royal.) Our members are from all across the south island, with the largest concentration from Langford.

The WestShore Chamber is operated by two full-time and two part-time staff members, and managed by an entirely volunteer Board of Directors. Board members are nominated each year as part of the Annual General Meeting process in November.
